

SUE HWANG

suehwang-dsgn.vercel.app ↗

ABOUT

- Enterprise Product Designer specializing in **configurable, rule-heavy platforms** serving diverse user groups.
- Strong in translating ambiguous business requirements into **scalable UX systems** that reduce delivery time and improve consistency.

EXPERIENCE

UX Designer CarltonOne Engagement • May 2022 – Sep 2025

Enterprise Rewards & Recognition Platform

- Designed employee-facing rewards programs and configuration systems, enabling client admins to manage catalogues, rules, approvals, budgets, and reporting across diverse user groups.
- Optimized **rule-heavy CMS workflows** by clarifying system states, validation logic, and downstream impact,
- Delivered **1,000+** configurable programs via a CMS-driven platform, reducing **delivery time by 80%** and contributing to **30% revenue growth**.

Gift-Sending Web App

- Led **0→1** product from discovery to **MVP in 4 months**, enabling bulk branded reward distribution for enterprise users.

Design System - Incentive Management Tool

- Streamlined repetitive admin journeys, **reducing tracking steps by 50%** through a **design system** to standardize patterns across data-entry screens.
- Reduced tracking steps by **50%** and **minimized user errors** through improved hierarchy, feedback states, and rule clarity.

Points & Transaction Platform

- Drove early-stage UX definition for the Wallet product with C-levels, translating business goals into user-centred UX principles.
- Designed operational workflows supporting transaction visibility, balance tracking, and rule validation across multi-level user roles.

Collaboration

- Facilitated **workshops** to clarify ambiguous, rules-heavy requirements and align on validation logic, edge cases, and system constraints.
- Facilitated an 8-week **AI session** for workflows integration.
